

Divine Associations

Answer: XXXXXXXXXX

Each of the images is a rebus that solves to a word. Both sides are alphabetical.

There is a "connector" word that can come after a word from the left side AND come before a word on the right side. Connect the two sides based on which words share a connector word.

(Yes, I've also never heard of "heat lightning" before, but I really wanted to include Zeus in this puzzle.)

Each connector word is associated with a Greek god or goddess whose name goes into the circles in the middle (in alphabetical order). We only consider Olympians as clued by the flavortext.

Associated Olympian	Left word	Connector word	Right word
APHRODITE	PUPPY	LOVE	AFFAIR
APOLLO	CAPRI	SUN	BATHE
ARTEMIS	SCAVENGER	HUNT	DOWN
ATHENA	CONVENTIONAL	WISDOM	TEETH
DIONYSUS	MULLED	WINE	RACK
POSEIDON	BALTIC	SEA	URCHIN
ZEUS	HEAT	LIGHTNING	ROD

Reading the letters crossed by the line associated with that Olympian will give the letters **DOMAINS** when read in alphabetical order of god/goddess.
